VINNIE MOSTLY A TRUE STORY

a JOSEPH A. MARASCIO film

~ Produced, Directed, Screenplay & Soundtrack ~
by

Joseph A. Marascio

Shortly after a fire walk, Joseph was inspired to create this project for the love of his Uncle Vinnie and to help Lightning Victims.

All with a shoestring budget, one Damn good camera, some High Art and a Dream met with Action.

Joseph casts 50 people based on their dynamic Energies he observed in everyday situations, submerging the actors in their roles, he directs them as themselves, directing them in the context their roles demand. A few characters were made to create a Dynamic, a sort of tension that fleshes out the real substance of this film. The Success of this idea unfolds like Magic on the Silver Screen.
